Re: LC-69 Size Distribution of Atmospheric Lead Aerosols
"Particle Size Distribution of Urban Lead Aerosols"
by Elmer Robinson and P. L. Ludwig
Journal of the Air Pollution Control Association
vol. 17, Number 10, October 1967, pages 664-669

This article represents the final publication in a journal of the results of our study conducted for us by the Stanford Research Institute. I think you will find it to be an interesting and well documented summary of the data.

We have obtained a few extra copies of the article and if you wish one would you please write and let us know.

Very truly yours,

Don G. Fowler
Project Manager
