

1 any of Dr. Selikoff's research?

2 A I understand corporate, the Ford Corporation
3 World Headquarters group funded some work somewhat, I
4 think, right after ours.

5 That did not come out of our staff, so I
6 didn't receive copies of that.

7 Q So that was a different project?

8 A Totally different.

9 Q Okay. After the 1970 meeting with Dr.
10 Selikoff and Ford, did you meet with them again?

11 A More than once, yes.

12 Q Did you ever meet with any of his associates
13 of Mount Sinai?

14 A Yes.

15 Q Can you tell the jury which researchers from
16 Mount Sinai you recall meeting?

17 A Bill Nicholson for sure, Dr. Art Langer for
18 sure. I believe Dr. Rohl one time I met, and there
19 were -- when we visited Mount Sinai's laboratory I was
20 introduced to, it must be, a dozen or more people, and
21 I seriously doubt I could remember their names.
