FILE NAME: DuPont (DUP)

DATE: 1964 May 19

DOC#: DUP024

DOCUMENT DESCRIPTION: Memo RE Pulmonary Function Equipment

DON'T SAY IT—*WRITE IT* cc: E. M. Ranck

To J. W. Clayton Location

From G. J. Stopps Location Phone No.

Subject Pulmonary Function Equipment Date May 19,

File: Pulmonary function studies + tests 5/19/64

Dr. Pistawka, Public Health Research Physician in the Pennsylvania State Health Department, will have all of his pulmonary function equipment assembled by May 31. I plan to visit him in Harrisburg between June 1 and 4 as I believe he has the equipment I want in a custom-made package. Unlike most custom designs, this may enable us to get the capability of $3000 of extra equipment built in at no cost above the budgeted figure.
