Dear Jerry:

This letter confirms plans for a meeting at 10:00 A.M. on December 5, 1983, to discuss the results of the PCB sampling on Choccolocco Creek. The meeting will be in the conference room at the Soil Conservation Service State Office in Auburn.

Please bring any information you may have on the sampling. After discussing the findings we will also discuss possible methods for disposing of any contaminated sediment, should that become necessary.

If you are unable to attend or need any additional information, please call either Vic Payne or me.

Yours Truly,

J. Torbit Henry
