32 Remington Auto...		H.P.	165	2,125	1,655
32 Remington Auto...		S.P.	260	2,150	2,053
7.62 Remington...		H.O.P.	145	2,900	2,709
303 British...		H.O.P.	180	2,600	2,499

* Note—Muzzle Velocity in feet per second;
Muzzle Energy in foot-pounds. Style of Bullet:
S.P. stands for Soft Point; H.P. for Hollow
Copper Point; H.O.P. for Hollow Point.

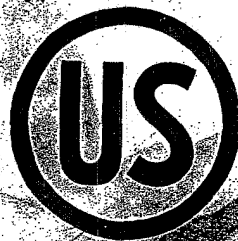

THE COMBINATION that insures clean kills at long range—high speed plus adequate bullet weight—is a feature of all U.S. Improved Hunting Cartridges.

These powerful cartridges are the most advanced type of ammunition for both the older and newer models of big-game rifles.

Gilding metal (bronze) bullet Jackets—no metal fouling.

Try this better type of ammunition the next time you're out for the BIG fellows.
