November 3, 1955

Robert A. Kehoe, M. D., Director
Kettering Laboratory
University of Cincinnati
College of Medicine
Eden Avenue
Cincinnati 19, Ohio

Dear Bob:

I am quite sure that I never got around to thanking you for your thoughtful letter of June 24th relative to the proposed study of lead poisoning and Coenzyme A on which I had asked your advice. If an apology is in order for a discourtesy of which you are probably unaware, be assured that you have it.

This quite modest request for funds was put aside at that time for the good reason that there weren't any, but it has been renewed and we are now about to do our 1956 budgeting. So I am bringing the file along to Cincinnati, where I hope to find that both you and Dr. Foreman have a bit of time in which to discuss it somewhat further with me.

Sincerely,

MB:GW
