Subject: New Vinyl Chloride NESHAP and Enforcement Policy

VISTA

Enclosed is a clearer copy of the new vinyl chloride NESHAP revisions and a chart attempting to highlight the changes from the 1976 NESHAP made by the 1986 revisions. I have also enclosed an April, 1986 EPA enforcement policy concerning vinyl chloride NESHAP violations which has apparently replaced the July, 1984 penalty guidance document.

If you have any questions, please contact Joe Ledvina or me.
