Titanox® fusspot behind the brightest things around

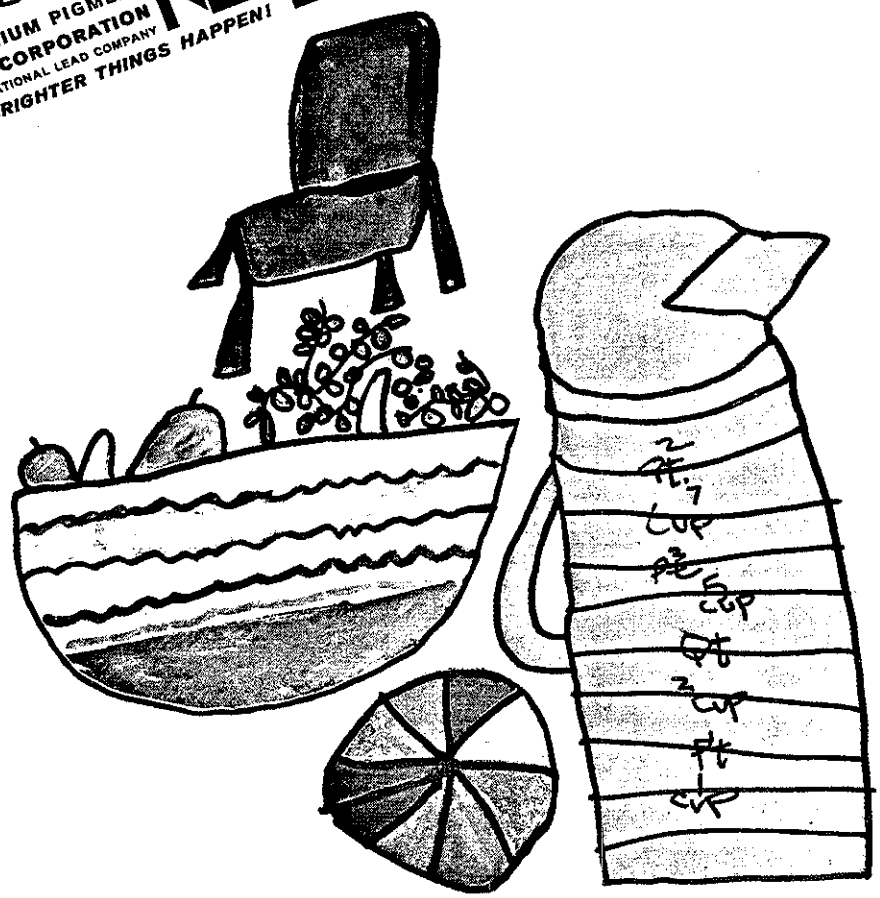

TITANOX TiO_2 experts fuss over your products. To make them the brightest, or, the absolute whitest. Using our rutile, anatase and C pigments. Both sulfate and chloride. The most complete line of TiO_2 yet developed. All grades are uniformity and quality controlled. All are sold worldwide to the fussiest plastics people. With plenty for everyone. Want to spark bigger sales? Flash our color experts for help. In principal cities; 111 Broadway, New York, N.Y. 10006; and Canadian Titanium Pigments Ltd., Montreal.
