I hereby certify that a true and correct copy of the foregoing instrument has been forwarded to counsel for Plaintiffs by facsimile, certified mail, return receipt requested, Federal Express and/or hand delivery, and to all other counsel of record by regular mail, on this 24 day of July, 2001.

CRAIG S. WOLCOTT

OBJECTIONS TO DEFINITIONS

Defendant objects to the stated definition of the terms "Defendant," "You," "Your" and "Your Company" on the grounds it is overly broad and seeks to extend the definition beyond the scope of discovery allowed under the Texas Rules of Civil Procedure, including but not limited to inquiries relating to subsidiaries, foreign subsidiaries and other separately incorporated non-parties thus rendering the Plaintiff's stated definitions overly broad, vague and improper.

Defendant objects to the stated definition of the terms "Document," "Documents," "Written Materials" and "Printed Materials" on the grounds it is overly broad, vague and clearly outside the scope of permissible discovery under the Texas Rules of Civil Procedure. This Defendant would specifically object to the attempt to extend the definition of these terms as requiring the responding party to make a determination of what documents may be responsive to these Interrogatories and Requests for Production "regardless of who now has or formerly had custody, possession or control" on the ground that is clearly outside the scope of permissible discovery and could be construed as seeking disclosure of information that would be protected from discovery by virtue of the attorney work product exemption afforded by the Texas Rules of Civil Procedure and the Texas Rules of Civil Evidence

Defendant would further object to the stated definition of the terms "Meeting" or "Meetings" on the grounds it is so overly broad and vague and renders each discovery request to which it may apply incapable of being answered; and therefore, improper under the Texas Rules of Civil Procedure.

Defendant objects to the stated definition of the terms "products containing asbestos fiber," "asbestos containing products" and "asbestos products" on the grounds it is overly broad, vague and not limited to the matters made the basis of this lawsuit and therefore, seeks disclosure of information and/or the production of documentation wholly irrelevant to any material issue in this case and not reasonably calculated to lead to the discovery of admissible evidence.

Defendant objects to the stated definition of the term "years at issue" to mean 1945-1989. Plaintiff has failed to reasonably identify when he allegedly worked with or around asbestos-containing material, allegedly on Defendant's premises.

Defendant objects to the stated definition of the term "Defendant's Premises At Issue" as it is vague, general and non-specific. Defendant denies it ever owned and/or operated the Corpus Christi refinery.
