Dear Mr Wallace

VCM - ASL REGISTER

Thank you very much for your letter of 20 July and your kind invitation to speak at your Vinyl Chloride Safety Association meeting in Toronto on 23/24 September. I am delighted to accept your invitation and have an opportunity to discuss the ASL register with you and your colleagues. In particular I would be glad to get some feedback on the accuracy of this register from the people at your 1982 meeting.

Will you please let me know as soon as possible the overall nature of your programme and how you would wish me to fit into it. In particular I would like to have some guidance on how long you wish me to speak and how long you wish me to devote to discussion. It is almost certain I will wish to use some visual aids such as transparencies and slides. However I have no doubt your conference room will be well equipped to deal with everything I may bring.

I would also be grateful if you would give me the names of convenient hotels so that I can start to make some reservations.

I have tried to check up with John Vaughan to find out if he is attending this year but he is on holiday at the present time. No doubt I will hear from him in due course.

I look forward to meeting you on 23 September.

With best wishes

Yours sincerely

J Stafford
