Subject: RE: [EXTERNAL] Industry–Government Oil and Natural Gas Stakeholders Meeting

Who made the decision to change this? I know no one in the ONG SCC who was contacted in advance of this morning. AGA has operators with flights scheduled and others coming to town because the meeting is in-person. Unless the modification is due to a national state of emergency or extreme weather conditions that threaten health and safety, the last-minute change is inconsiderate and disrespectful of the committed industry and government representatives. If the meeting space is no longer available, then the ONG SCC members or other government partners in the DC area may be able to assist. DOE is urged to reconsider moving the meeting schedule back to the 15th.
