**Attachments:** MCP & SG leaflet.pdf

Hi [REDACTED]

As discussed yesterday please see attached information we received on Medium Combustion Plant & Specified Generator controls in England.

We have two 7.5 MWth boilers and one 4.5 MWth boiler for steam production, these are identified within Schedule 1 – Operations, Table S1.1 activities (see below)

As they are already identified on our permit, please could you confirm if there is any action AGC need to take on this?

Kind regards,  
[REDACTED]
