Well, I thought I was, but looking at that list I don't see some sites that I know were once superfund. Do you know why that could be?

The sites omitted are:

Hi there,

I hope you're doing well. I'm a reporter working on a story about potential environmental hazards for "Atlanta" Magazine. I'm looking for a list of all superfund sites in the state of Georgia since the superfund designation began. Can you help with that?

Thanks,

Joshua Sharpe
