

LEAD INDUSTRIES ASSOCIATION

60 EAST 41ND STREET

NEW YORK 17, N. Y.

September 8, 1958

**SUBJECT: AGENDA FOR
MEETING****To Members of the Red Lead Technical Committee:**

As previously announced, there will be a meeting of the Red Lead Technical Committee of the Lead Industries Association on Monday, September 29, 1958, at 9:30 A.M., in the offices of the Association.

An agenda follows:

1. Approval of minutes of previous meeting of May 8 and 9, 1958.
2. Introduction of new Director of Research, Dr. Schrader F. Radtke.
3. Report by Owen F. Shobe.
4. Consideration of 1959 budget.

a. Research

Should new research projects be initiated and if so, in what area.

b. Advertising

We are now using 11 monthly pages in two colors in "Engineering News-Record." Should we consider advertising in other media such as "Marine Engineering/Log" and "Roads and Streets?" If so, should we reduce the number of insertions in "Engineering News-Record" and substitute the other publications?

c. Red Lead Technical Letters

Red Lead Technical Letter No. 13, L.I.A. Formula 9-2 for Rusted, Weathered or Treated Non Galvanized Steel will be available for distribution this month. Two others previously approved, L.I.A. 328 for ship bottoms and a compilation of all previous "Technical Letters" have not yet been prepared.

To Members of Rod Lead
Technical Committee

-2-

September 8, 1958

d. Other Suggestions for 1959 Activities

5. Review of L.I.M. projects.
6. Report on L.I.M. activities with respect to proposed change in A.W.W.A. specifications for painting the interior of potable water tanks.
7. Correspondence received by the Secretary.
8. New Business.
9. Next meeting date.

Sincerely yours,

David M. Borcina
