Re: Compliance Evaluation Inspection Report
NPDES Permit No. TN0060186
Huntsville-Helenwood Sewage Treatment Plant

Dear Mayor Jeffers:

The U.S. Environmental Protection Agency, Region 4, and the Tennessee Department of Environmental Conservation conducted a Compliance Evaluation Inspection of the Huntsville-Helenwood Sewage Treatment Plant on October 13, 2022. The objective of the inspection was to assess the Town's compliance with the Clean Water Act and the National Pollutant Discharge Elimination System permit, and to evaluate the general condition of the facility. The inspection results have been summarized in the enclosed Compliance Evaluation Inspection Report.

The EPA appreciates City's cooperation and courtesy. If you have specific questions about the inspection report, please contact Dennis Sayre at (404) 562-9756.

Sincerely,
