Brookes & Martin
(David C. Woodcraft, Esq.)
High Holborn House
52/54 High Holborn
London WC1V 6SE, ENGLAND

Gentlemen:

CH-1371 Jacobson
New EPO Patent Application

The national agents listed below should be used
whenever it is necessary

- (1) to file translations nationally or in the EPO upon
notice of grant;
- (2) to make an election of domicile (address for service);
and
- (3) to pay the first annuity fee in his country.

It will be your responsibility to communicate directly with
these agents as appropriate, however, in all cases please send a
copy of your instructions to us.

Please note that as to the annuity fee we are hereby
authorizing you to instruct the national agent in each
designated country:

- o to pay the first national annuity when due,
- o report directly to Du Pont, and
- o send Du Pont the official receipt and their debit
note.

Your responsibility as to that annuity payment will end
when the national agent has acknowledged to you that he has
received your instructions as above indicated. We do not

N 30972

expect you to obtain a copy of the national agent's report to Du Pont or to follow up to confirm that the fee has been paid.

A single asterisk indicates that the agent should be used to obtain any necessary translation into the language of the agent's country. Where Luxembourg, Belgium and/or Switzerland have been designated, the agent who prepares the French translation should be instructed by you to send copies of it to the agents for these countries. A double asterisk indicates that the agent already has a general power of attorney for filing any required translation.

Also, we are aware of the possibility of provisional protection under Article 67 of the E.P.C., however, unless you are specifically instructed otherwise by us we do not choose to seek such protection.

Very truly yours,

David J. Gould
