Gentlemen:

Reference is made to your letter dated 10 June 1969, to Moran Towing and Transportation Co., Inc., concerning the disposal of polychorinated biphenel in the Atlantic Ocean at an approved government dumping ground.

This is to advise you that before a determination can be made whether or not to permit the disposal of this material in the Atlantic Ocean, the material must meet with approval from several governmental agencies. Therefore, it will be necessary that further information be submitted to this office for consideration. The inclosed sheet lists the specific information that is requested so that this determination may be made.

Sincerely yours,

R. H. WUESTEFELD
Acting Chief, Operations Division
