FOREWORD

This list classifies Metropolitan Group policyholders according to the business, industry or service in which they are engaged as well as alphabetically and geographically.

In the main list, companies that are concerned with more than one product are, in certain cases, listed under more than one heading. Supplementary listings are indicated by asterisks.

Companies insured under Wholesale, 25-49 Group Life contracts, and Group Annuity plans are included also. In addition, the Group Annuity Plans are listed separately.

The geographical listing is not complete because records are not always available to indicate branch locations of Group policyholders.
