January 5, 1977

Dear Mr.

As a defendant in many asbestos-related third party lawsuits your company has a vital interest in developments relating to this litigation. Serious efforts are underway to explore a legislative alternative to third party litigation in asbestos disease cases. The Asbestos Workers Union is actively involved in this effort.

On January 27, 1977, at 9:00 a.m., Johns-Manville will host an all-day meeting of representative companies to discuss the concept and status of such possible legislation. The meeting will be held at Johns-Manville's World Headquarters, Ken-Caryl Ranch, Denver, Colorado, in the Executive Board Room. We hope that your company will be represented at this important meeting.

Johns-Manville's new World Headquarters is located in the foothills southwest of Denver, and we would suggest a rental car as the best means of local transportation. A map is enclosed for your use. The hotels most convenient to our offices are the Marriott and Rodeway Inn South.

Due to space limitations, we request that you send not more than two representatives to the meeting. Please advise Miss Cindy Miller (extension 2146) who will be attending on behalf of your company. Miss Miller is available to provide assistance with car rentals and hotel reservations.

We look forward to your participation in this important matter of mutual concern.

Yours truly,

MTC 017556

J. A. McKinney
President
