With the whole outside world bursting into color with the coming of Spring, how we long to put Spring's joyous colors indoors as well! And it's so easy if you consult the Fuller Booklets, "Color Harmony in the Home" and "Your Home as Others See It."

Among Fuller products you will find colors that are sure to please—that are suitable for every purpose.

Washable Wall Finish gives just the background for any motif you wish to create. And best of all, it can be kept spotlessly clean by an occasional washing.

For glistening woodwork use Silkenwhite Enamel and for a semi-gloss, satin-like finish, use Fullerglo.
