November 2, 1971

Dr. Robert E. Lang
Chief Chemist, Laboratory Division
Bureau of Customs
201 Varick Street
New York, New York 10014

Dear Mr. Lang:

Reference: LAB-344

Aroclor 1248 was at one time one of several Aroclors manufactured by Monsanto Company. Because of the environmental problems which may result from the polychlorinated biphenyls present in Aroclor 1248 the material has not been manufactured or marketed for several months.

I have enclosed copies of literature describing other Aroclors as well as a copy of our current Product Catalog.

I hope this information is useful to you and if I can be of further service please let me know.

Sincerely,

W. B. Papageorge, Manager
Environmental Protection
