Dear Dr. Kehoe:

Please accept my sincerest congratulations for your masterful presentation which I know, by "grape-vine" transmission, that you presented had considerable import to the members of the Montana State Board of Health when you presented your statement on late evening of Friday, May 26, 1967.

I join many others in having had the pleasant circumstance, which was most educational, in hearing your sage words.

I am happy to inform you at this time that the State Board of Health in their vote, which was prosecuted prior to 2:00 P.M. on Saturday, May 27, was somewhat favorable. We had some changes for the better and also deferments on some of the questionable pollutants.

When this "ball of wax" is formulated and verified I shall be most happy to send you a copy, if you so desire.

With every best wish and kindest personal regards, I am

Sincerely,

John W. Warren
