VINYL CHLORIDE AND VINYLIDENE CHLORIDE

Subject: Staff Assignments

Gentlemen:

Although many of you have already learned, recently Milton Freifeld joined the professional staff of MCA's Technical Department. His principal responsibility is to serve as secretary and staff representative for the Occupational Health Committee. Effective today, he will also be project manager of the vinyl chloride and vinylidene chloride special projects, taking over these duties from Dr. K. D. Johnson.

Sincerely,

ACC:tp
