Dear Mr. Hunter:

On October 15, 1987, Celanese Engineering Resins, Inc. Bishop Plant sent an asbestos removal notification letter to your office (Ref: DGP-326-87). Per our telephone conversation of 10/22/87, I informed you that Celanese had decided against removal of the asbestos insulation and that we planned to encapsulate the insulation with a spray coating and cover it up with an aluminum metalizing sleeve with wrapping bands.

Sincerely,

CELANESE ENGINEERING RESINS, INC.
