Doug,

We would like to invite Sec Pruitt to deliver keynote remarks at our 2017 Crossroads Energy and Climate Policy Summit in Washington, DC on November 30<sup>th</sup>. We have created an invitation letter for him and would very much like your help to get this to him personally or to his office. Would you be available to help deliver the letter and the other two attachments in this email that are mentioned in the letter?

Thank you in advance for your help and please let us know if you have any questions.

However, I wanted to shoot this past you too. This is actually from the section for a previous nominee. Of course, I'm greedy and this was the purpose of my call to John Milner. Just wanted you to be aware, and thank you so much for you time to reach out to the section staff in Chicago.

Yes, although she has moved to Oklahoma, I would highly recommend my former communications director at Senator Inhofe's office and the Senate Environment and Public Works Committee. I think for the right opportunity she would highly consider coming back to D.C. There's no more professional communications individual. Her capabilities, temperament, and professionalism is always the model.

Dear Ryan,

I hope this note finds you well. I can't believe it is December – the year is flying by!

I wanted to pick your brain for a search I am just kicking off for the **Senior Vice President of Advocacy and Communications** for the **American Public Power Association (APPA)**. The SVP oversees APPA's integrated external affairs function, including the 25-person government affairs, regulatory advocacy and communications teams. S/he will lead the development and implementation of a coordinated advocacy strategy and the seamless execution of a multi-faceted

external communications plan with the ultimate goal of raising the visibility of the critical role public power utilities play in communities across the country. The ideal candidate would be an accomplished manager of people and teams with demonstrated expertise in the external affairs arena within the utility sector.

I have attached a copy of the position specification and would welcome any thoughts you might have of potentially strong candidates. I'm happy to hop on a quick call to talk through in more detail if that would be helpful.

Thanks in advance for your assistance!

Best,

Stephanie

I unfortunately represent the Puerto Rico Financial Control Board.

I do not need a meeting but might be good optics for you to be concerned about the water infrastructure. The electric grid is our first concern but there are going to be huge health issues related to the water treatment facility . I describe the health crisis as the largest in the Americas since Columbus brought European disease to the New World.

Natalie Jaresko, the Board's exec director is in town this week along with the Dep GC, Kyle Rifkind. We are doing Hill briefings on liquidity needs and pending litigation

Happy to bring them by to meet you. I just want to offer when i have senior execs in town . The Chairman , Jose Carrion, will be here next Monday assuming we can get him out of Puerto Rico following Speakers Ryan's visit on Friday

Natalie/Kyle availability : Starting today at 12:30 and through Thursday noon. We have lots of requests from the Hill and will start filling in the schedule this morning

Hey Ryan,

Hope you are well.

Was asked to follow up with you on an invitation to speak from the MLP Association.

MLPA is holding their annual meeting at the Willard Hotel from September 28-29.

They would like to have you speak during their lunch hour on Thursday, September 28 designated from 12:15 pm and 1:30 pm.

Realizing that your schedule can be hectic and that you may not be able to stay for the entire lunch period, MLPA would be delighted if you could come anytime in the window and make some brief remarks.

Attached are the relevant documents. Many thanks for your consideration Ryan.

Dear Mr. Jackson,

On behalf of the Master Limited Partnership Association (MLPA), [www.mlpassociation.org](http://www.mlpassociation.org), I would like to invite you to be our Keynote luncheon speaker at our Annual Meeting and 30th Year Celebration on September 28 at the Willard Intercontinental Hotel. Lunch is between 12:15 and 1:30 and you could speak at any time during that time period - prepared remarks and, if you would be willing, some Q&A. We particularly

would be interested in your thoughts on EPA's priorities, changes to regulations that affect the energy industry, and how EPA's policies could impact MLPs.

Attendees will consist of our membership, including MLPs, law firms, accounting firms, investment banks and financial advisors, many of whom are your constituents. I have attached a link to our current membership: <https://www.mlpassociation.org/about-us/current-members/>. The event is not open to the press.

I know your schedule is hectic and unpredictable, but if there is any chance you might be able to speak to my membership that would be fantastic. I know they would be thrilled.

Thank you so much for considering this request. I also have attached a formal invitation.

Please let me know if you have any questions or need additional information.

Best,

I thought I'd try a more direct approach to follow in the footsteps of my predecessors and introduce myself. Hopefully by now you've had an opportunity to settle into the cadence of the role and I wanted to see if your schedule would allow time for us to meet in person. I've recently started the next chapter of my career at a law firm in DC so my schedule is currently pretty flexible except for some occasional travel. Please let me know if there are a few dates and times that work best for you.

You thought you could slip him into MS without us knowing????

Looking forward to his visit

Any thing we need to say or get said, just let us know and it will happen

You're running a great shop just like you did at EPW and we are grateful to you for it

**Subject: Meeting on October 12**

Chip,

It was good to talk to you the other day. I'm glad you'll be able to join Governor Bryant in welcoming EPA Administrator Scott Pruitt to Mississippi on Thursday, October 12, to talk about a revision to the Waters of the U.S. rule.

We will begin the day at the Governor's Mansion at 9:00 that morning. Following the meeting (approximately 10:30), we will go to Gaddis Farms, operated by Ted Kendall, for the Administrator to talk briefly with a group of farmers and other stakeholders about the rule. Ted Kendall has graciously offered the Gaddis Farms lake house for the meeting which will begin at 11:00. If you would like to invite some of your members to the meeting at 11:00, please do. We would like to have their names in advance, if possible. I am attaching a map to the lake house.

Please call me, if you have any questions. Thanks for you input and help.
