Bert: Only comment I've received... George has the ball on evaluating asbestos alternates. Dick 2/21

Attached is a Materials Technology Institute document speaking to a potential project for testing non-asbestos gasketing.

I would appreciate your comments as soon as possible so I can respond for the plant to Krisher.

Thanks.

Dick

DICK, EVEN THOUGH IT IS NOT STATED AS SUCH IN THE PROPOSAL, I BELIEVE THAT THE PROGRAM FOR TESTING SHOULD BE BROAD ENOUGH, OR FLEXIBLE ENOUGH, TO COVER BOTH SHEET MATERIAL (RING TYPE) GASKETS, AS WELL AS FILLED TYPE SPIRAL WOUND GASKETS.

George
