Thanks for looking, Katie. I haven't found any formal correspondence in my files, either. I'm sure it's come up before, and perhaps the project lead or GL communicated directly via email informally. I'll revisit the letter and add some language on the topic.

Best,
Marguerite

Hi Jonathan,

I've looked through Quill and the Comms Sharepoint and haven't been able to find anything.

Is there a good example letter we've done recently where pointed someone back to the state or region if they were requesting an extension under 112(i)(3)(B)/63.6(i)?

Hi all,

Looks like Leslie is OOO until April 7 (and she was originally working on this response), so I was wondering if we could all work together to make the edits that Penny suggested.

Attaching the link again here:  [20250320_Quill_Case_25-02821-AO-EX_Response_Ltr_to_DTE_Compliance_Date_Ext_Rqst.docx](#)

Let me know how I can help!

Kind regards,

I think the letter that came to me needs to be edited. Mr. Sanch is requesting one additional year pursuant to Clean Air Act (CAA) § 112(i)(3)(B) and 40 C.F.R. § 63.6(i). Because those are site-specific requests, they should be made to the delegated permitting authority, usually the state or if the state hasn't taken delegation, the EPA Regional office. [FYI]

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

But that is not the only way they can seek an exemption. The Administrator's Great American Comeback announcement stated that sources could seek a 2-year compliance waiver under the Presidential Exemption. I just got info a few minute ago from PACS on the name of the EPA mailbox set up to receive these requests. We need to also include this information in the letter. And then finally, as the letter currently states, the Administrator also announced that EPA intends to reconsider the rule.

See attached. The spacing was weird, so I had to move Penny's signature block to the second page.

Also please ensure that all sides of the margins on these docs are 0.75"

Hey Jarod! I am so sorry to ask, but I don't yet have Adobe Pro completely set up – would you happen to have this time this morning to add letterhead and the signature block to this?

No rush, but thank you so much if you are able to do so!

Looping Katie in since this is Coke Ovens.

Thanks!

Good afternoon, Miss Annette!

Attached above is a letter for Penny's signature on Coke Ovens. It's been approved by SPPD IO.

(Quill case # 25-02821-AO-EX requesting compliance date extension for Coke Ovens)

Thanks so much, and please let us know if anything else is needed!
