

GIST MTG

5/15/02

* WV 2-Mile

* PWS Sample sites not at actual town location,
need to use GPS readings for map location

* Continue 2-mile radius sampling? Resampling?
No, unless we see some huge result near 150ppb.

* Continue Ohio River PWS Sampling?
• Only at LH, TP, LB - "continued monitoring"

No, of
private
wells.

* Send QAPP Addendum to GIST.

* Need to review George's recommend for Dry Run
- missing wells?

* Certify EPA Denver lab?

* Why won't Exyger take private samples.

* VapCan - Parkersburg Water & Treatment Co.
- would like to conduct testing to determine if
they can treat for C-8.

* Mason Cty at Lakes - possible treatment

* Would Exyger take a water utility sample?
- train PSD employees
