Tom, of course! Happy to meet! Schedules are crazy right now, and I am leaving on Monday for an international trip until June 12th. But, I would love to visit after that. I would also like Brittany Bolen to join – she is the DAA in the Policy office and such a great asset. If you don't already know her, would love for you to meet.

Best,

Samantha

Subject: Meeting Request

Dear Samantha,

I would like to see if several AISI members and I could come in and give you an overview of the environmental issues that are key to the steel industry. Following on Administrator Pruitt's well-received address at our annual meeting last week, I think the timing is ripe for such a discussion. We would greatly appreciate the opportunity to brief you on our issues as you work to prioritize the comments received from your May 15 public information request on regulatory reform. We would also like to learn more about the potential revival of the something like the old Sectors Strategies program. If you agree to this meeting, I can ask my VP for Environment, Paul Balsarak (cc'd), to work with your chief of staff, Robin, to get this set up.

Best, Tom
