Attached are photos of captioned projects taken Thursday, June 6, 1968.

Photo 1 looks south with Bldg. 28 in the left center background. As you can see, the shell of the Warehouse Office building is nearly complete. The foundation wall of the Warehouse is poured and crushed limestone is being spread in the floor area.

Photo 2 looks northwest showing the back of the Warehouse Office as well as the Tank Farm area.

Photo 3 looks north and shows the Warehouse area.
