Hi Jørn

Sorry for the late reply from here.

We don't have any meeting rooms available, so we'll
have to come to you. How many will you be and
who, if you know?

My colleague Lærke, who knows the most about the areas you want to know about, will join us -
with the small caveat that the soil monitoring proposal is also going to Coreper at the same time,
so we'll have to see what the timing is.

That's fantastic. Thank you, mate.

I would like to send an invitation. Would you like to welcome us at Reppen or would you like to
visit us at 3 Rue du Luxembourg? Both are possible for us.

Dear Jørn

Thanks for following up.

Wednesday 29 May at 15.15 is a good time. I'm bringing my colleague Lærke with me, as she's working on cases involving groundwater and soil contamination, among other things. I myself work with a number of chemical cases that are also - but perhaps to a lesser extent - relevant to you.

Hi Anders

Happy Ascension weekend to you.

We're now ready to narrow down topics for our meeting and we're also interested to hear if your calendar has become more fixed for 29-30 May.

We have the option to meet with you and relevant colleagues on the 29th from 15:15, alternatively over lunch on the 29th from 11:45-12:45 if that suits you better. We can also stick to 30 May from 13:00-14:00, although it will be a bit tight due to the delegation's transport to the airport promptly after the meeting. Let us know what suits you best.

In terms of content and themes for the meeting, we propose to focus on the environmental unit's area of authority on groundwater protection, soil contamination, especially PFAS and regulations for and phasing out of chemicals. The delegation is curious to hear about the status of ongoing review and legislative procedures of relevant files, the Danish position on these, and expectations on where they are going.

To be
handed
out

lander. The delegation will be able to talk about the Capital Region of Denmark's special challenges in this area. If you are interested, we are also ready to provide input on time horizons for implementation, limit values and requirements for detecting, monitoring and cleaning up contaminants based on the region's regulatory work and needs/experiences arising from this.

Hi Anders

We now have the flight times from John and Ole and would like to adjust our tentative meeting by half an hour, i.e. to 13:00-14:00.

To be

Hi Anders

Thank you for your email and quick response.

That sounds great. Your colleagues are of course very welcome.

To be

out

With the proviso that you haven't received the negotiation meeting calendar for May yet, I suggest we plan for Thursday 30 May at 13:30-14:30.

What do you say to that and that we follow up in early May to align expectations and establish premises?

Dear Jørn

Thank you for your email.

I would like to meet with you one of those days. I'm not familiar with all the topics mentioned, but can possibly bring my colleague.

We have not yet received our calendar for May in relation to negotiation meetings in the Council, but both days seem fine. We can possibly adjust the time when we get closer if something should arise.

We can also talk more about expectations etc. Vh

[CAUTION - EXTERNAL EMAIL] This email was sent from outside the MFA organisation. DO NOT reply, click on links, or open attachments unless you have verified the sender and know the content is safe.

Dear Anders

I'd like to ask you if you have an hour in the afternoon of 30 May for a meeting with Ole Frimodt, head of the environmental unit in the Capital Region of Denmark, and Chief Consultant John Flyvbjerg from the same unit.

Ole and John visit Brussels for EU Green Week, where the Capital Region of Denmark will give a presentation on challenges and solutions related to PFAS. While in Brussels, both would love to meet with you and have a dialogue about current and upcoming environmental files, the importance of EU legislation for the region's authority on pollution (soil contamination, ground/drinking water, PFAS, pesticides, limit values), and the regulation of secondary raw materials for e.g. construction.

A meeting on Thursday 30 May in the afternoon, for example at 13:30 or 14:30 is best, but it would also be possible on Wednesday 29 May between 12-13 or in the afternoon after 15:00 if we reschedule. We can come by Rue D'Arlon, or use our premises at Rue du Luxembourg 3, it's entirely up to you.

I look forward to hearing back from you about your options for said times.

To be
handed
out

Dear Anders and Lærke

With John and Niels back in the capital, I would like to briefly follow up on our meeting in Brussels on Wednesday. We owe you a big thank you for taking the time to make us more aware of the mood and direction of the negotiations on the most important files for us in the environmental area. The Capital Region of Denmark will continue to follow the area both via Danish Regions and our office, with an eye on the requirements and priorities from the EU that the region must implement in the coming years.

We would like to share with you the attached White Paper on *the Future of Drinking Water*, to which the Capital Region of Denmark has contributed. The white paper puts more words to the recommendations we mentioned from water sector experts and practitioners on regulation and policy decisions for groundwater and drinking water protection, including pollution. The recommendations are very useful in relation to EU regulation in this area. For example, legislation is ranked as the biggest barrier to clean drinking water in Denmark, followed by economy, lack of technology testing, lack of basic research and lack of labour.

If you have any questions or want something clarified, you are welcome to

contact us. Talk to you soon, and have a great maternity leave to Lærke! ☐

Sent: 21 May 2024 14:15

To: Jørn Volkhardt Sanne-Wander; John Flyvbjerg; Anders Fink; Lærke Louise Engell Petersen; Daniel Enslev; Christian Dam; Niels Døssing Overheu

Topic: Meeting with the Environment Unit of the Capital Region of Denmark and the Environmental Attachés in Brussels **When:** 29 May 2024 15:15-16:15 (UTC+01:00)
Copenhagen, Stockholm, Oslo, Madrid, Paris. **Where:** Rue du Luxembourg 3, 1000 Brussels, 6th floor of the Greater Copenhagen EU Office

Dear Anders and Louise

We look forward to meeting you tomorrow afternoon. § 30, no. 1

[REDACTED] but can't travel. Luckily John's colleague Niels Døssing Overheu could step in. Niels works with contaminated sites, remediation and technology development in soil contamination, so the agenda doesn't change for us. We look forward to tomorrow.

Agenda for the meeting

- Short introduction around the table (all)
- Short intro to the Capital Region's work in the environmental unit and current challenges and curiosities (Ole, John)
- Exchange on EU environmental files (groundwater protection, soil contamination, PFAS, chemicals) (Lærke, Anders) Including
 - Water Framework Directive
 - REACH
 - The soil monitoring proposal
- Rounding off

Participants

From the Permanent Representation of Denmark:
Environmental Attaché Lærke Louise Engell
Petersen Environmental Attaché Anders Fink

From our side, we participate with 5 people:
Niels Døssing Overheu, Chief Consultant, Regional Development, Capital Region of Denmark
John Flyvbjerg, Chief Consultant, Regional Development, Capital Region of Denmark
Daniel Enslev, EU Consultant, Greater Copenhagen EU Office
Christian Dam, Trainee, Greater Copenhagen EU Office
Jørn Sanne-Wander, EU Consultant, Greater Copenhagen EU Office

Location

The address is Rue du Luxembourg 3, on the 6th floor. The receptionist can call you a lift by reference to our office, or you can call me.

JØRN V. SANNE-WANDER

EU ADVISOR
