intracompany memo

to	Branch Managers	location	
from	W. D. Brooks	location	Dallas
subject	Asbestos Free Joint System	date	February 17, 1977

Occasionally questions are encountered in regard to asbestos. There is a considerable amount of misunderstanding concerning OSHA requirements. The attached explains the facts very well. You might make a copy of the attached letter for each of your sales representatives.

For your own information and action, all of our powdered joint system is totally asbestos free. None of the bag goods contain any asbestos.

All of our 1 gal Ready Mix is totally asbestos free.

On our 5 gal and 4 gal Ready Mix, we provide both formulas. It is available asbestos free on request. All you need do on these 2 items is order asbestos free ready mix. In fact, we urge you to increase your emphasis on the sales of asbestos free ready mix. We ship a lot of it already - you can also by merely asking for it.
