RE: ASBESTOS ABATEMENT REFRESHER FOR CONTRACTORS/SUPERVISORS/DESIGNERS

I have made arrangements for the Texas A&M Texas Engineering Extension Service to teach the captioned course in Rockdale on Tuesday, February 11. This will be an all day, one day session in the medium training room at the Alcoa Lake Training Center. Lunch will be provided. Class will start at 8:00 A.M.

This is a yearly requirement to keep the license you received last year current. If you can't attend this course and still want to keep a current license, you will have to make arrangements to take one of the other refresher courses that is offered off site.

Contact me at extension 8360 with any questions or concerns.
