The Van Nuys News 4-22-55 p. 37

U. S. SAVINGS BOND promotion to encourage buying of bonds by workers who have recently had pay raise is carried out by attractive employees of Savings Bonds Division who display posters on Pennsylvania Ave. at nation's capital. Girls, front left are: Carole Flores, Albuquerque, N.M.; Lib Koethe, Columbia, S.C.; Elizabeth Crowell, Washington, D. C. and Shirley Hamilton, Barnum, W. Va.

FINGERPRINT UNIT STARTS CLASS SERIES

One of the unusual schools in law enforcement work today is in progress under joint sponsorship of the Los Angeles County Sheriff's Office and the Southern California Association of Fingerprint Officers.

The school, to be divided into two one-week sessions of 35 hours, is designed primarily for experts or officers with experience in fingerprint work.

Titled an "Advance Course in Latent Fingerprint Identification and Investigation", the school will include the following subjects:

"Special Problems in Latent Fingerprint Work — Photographic Problems in Fingerprinting Deceased", "Developing, Photography and Lifting Latent Prints", and other allied subjects.

Jerry Engert, noted finger print expert from the Washington D.C office of the FBI, will conduct the school and each officer successfully completing the course will be awarded a Certificate of Completion by the Sheriff's Office and the Southern California Association of Fingerprint Officers.

Presenting of the school is the result of a great deal of effort by the Southern California Association of Fingerprint Officers, headed by Paul Reiter, Long Beach Police Dept.

Coordinating this effort was Lloyd Kaiser, Los Angeles Office FBI—Lt. Harry Baker, Los Angeles County Sheriff's Office; A. R. McLaughlin, Los Angeles Police Dept., and Sgt. Leo Stalcup Sheriff's Office.

This organization is the largest in the world with over 4,000 members, and has had one other class of this type.

Primary aim of this organization is to further the technical knowledge of fingerprint men throughout Southern California law enforcement agencies.

Vote Expansion of Fire District

Annexation of territory in the Lakewood area to the Consolidated County Fire Protection District had been voted today by the Board of Supervisors.

Consisting of 6.29 square miles, the property is bounded generally by the city of Long Beach, Studebaker Road, Artesian Blvd., and Seventh St.

Ban Open Burning in County

Open burning of rubbish in built-up areas and garbage combustible anywhere on the outside the Los Angeles metropolitan area, as the term is defined by the Board of Supervisors.

This ordinance is necessary because of air pollution conditions in the unincorporated area, which are approaching second stage alert levels continuing upon burning rapidly constitutes a menace to public health and safety.

All burning in backyard incinerators in county territory remains legal until the same with 4 to 8 p.m. hours in areas outside the built-up areas.

Except for fire protection purposes, burning shall be allowed only between the hours of 12 noon and 4 p.m.

Outside of the built-up areas, burning may be permitted at any time for fire training or other approved operations.

The fire effects burning of grass clippings, leaves, weeds, trash and other rubbish commonly burned in open piles.

Canada is world leader in asbestos.

ANNOUNCING A NEW Beneficial OFFICE

DON PORTER, Mgr.

YES Manager who's ready to make loans with the same Personal Consideration, that made Beneficial the choice of so many people like you.
