Subject: [Ex. 6 Personal Privacy (PP)] Death by Methylene Chloride

Hi Nancy,

My friend [Ex. 6 Personal Privacy (PP)] recently passed away after using a methylene chloride-based paint stripper. I'm very troubled by reports that the EPA has indefinitely postponed its ban on methylene chloride (EPA-HQ-OPPT-2016-0231-0001).

Protecting American consumers and workers from dangerous chemicals is at the core of your agency's mission. The longer these rules are delayed the more workers and consumers will be needlessly exposed to chemicals with serious, well-documented health risks.

Can I count on you and the EPA to ban methylene chloride? I look forward to hearing from you.

Steve
