Dear Dr. McConnell:

This is to acknowledge and thank you for your letter of December 29 relative to the problem which we had submitted to you on the environmental effects on worker efficiency.

We are very appreciative of the two enclosures which you sent us and have read enough of each of them to feel that they should be extremely helpful to our inquirer. Also we were glad to get your suggestion of writing to the Office of the Surgeon General for additional information on this subject.

Your continuing assistance in helping us to find the answers to the problems of business and industry is greatly appreciated.

Yours very truly,

Jadner V. Ross
