Hi Seth,
For the chem watch event, I would likely need ethics clearance (since I'm guessing people pay to participate) so any information you can send to inform that review would be helpful.

Happy to chat biocides. Friday afternoon is probably my best window. I'm looping in Derrick who can assist with finding a window.

Regards,
Nancy

Nancy:

Thanks for taking time to speak last week. I'm writing about two topics:

1. Would you be willing to consider speaking at the Chemical Watch Global Business Summit in Brussels on March 25 – 26, 2019. I know it is early, but if you would be interested, I know ChemWatch would be very pleased. You could speak on a topic of your choice relating to OCSPP. I can ask Judy Jackson from ChemWatch be in touch if you're willing to consider attending. As I mentioned previously, ChemWatch can cover travel and lodging.
2. Would you have time for a brief meeting or call about a couple of issues important to the Center for Biocide Chemistries (CBC, formerly the Biocides Panel)? I am generally available this week.

Thanks very much.

Seth
