Mr. Frank Krafft
~~Krafft-Murphy Company~~
1011 Arlington Boulevard
Arlington 9, Virginia

Subject: Summer Hill Tower Apartments
Long View Drive
Alexandria, Virginia

Dear Mr. Krafft:

With reference to the material used on the subject project we have the following cable from the Limpet Manufacturer, J. W. Roberts Limited, Bolton, England.

"Apartment building Alexandria. We confirm all LW.25 Limpet material dispatched to U. S. A. confirms to Underwriters' Laboratories of Chicago requirements and is identical to original fire tested material."

We might further point out that a requirement of the U.L. label procedure is that a periodic examination of the process of manufacture and the types and quantities of ingredients is confirmed and checked on a regular basis by a representative of U.L.I. in Britain. The manufacturer pays a fee for this service on a yearly basis.

Very truly yours,

A handwritten signature in cursive script, appearing to read 'A. C. Richardson'.

A. C. Richardson
