Seattle, Washington 98100

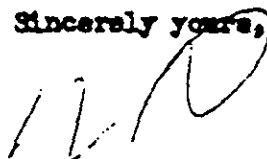

Gentlemen:

The Oregon State Board of Health has requested information from us with regard to formulation of CAPCO POWER-SHIELD. This is with reference to an environmental engineering study they are conducting which involves their concern with the use of asbestos.

A copy of our reply to them is enclosed, with one paragraph dealing with the proprietary formula information blocked out.

The purpose of this letter is to keep you advised of the activities in this field.

Sincerely yours,

Frank M. Stumpf
Vice President - Research

MS/ee
