Subject: Source: EPA's RFS volumes proposal announcement pushed back

By Eric Wolff

06/16/2017 02:31 PM EDT

EPA has delayed until next week a proposed rule setting the 2018 biofuel volume mandates under the Renewable Fuel Standard, sources told POLITICO today.

The agency had been planning to release the volume requirements on Thursday or today, according to the sources.

EPA has not replied to questions about the timing of the proposal's release.
