Date: vrijdag 12 februari 2021 19:42:51

Dear [REDACTED] dear all,

Thank you very much for your message, we've appreciated as well the very valuable exchange together last week.

As far as the report is concerned, we went through it and we're absolutely fine for you to share it with your colleagues from NO, SE, DK, DE, no problem. As a matter of fact, we intended also to reach out to them at some point.

We're happy to see that our exchange has lead to some questions from you. We will share them with our experts within ARKEMA, as they cover several domains, and will come back to you when ready.

I wish you a great week-end in the meantime and, be safe !

Kind regards,

[REDACTED]
