Dear Mr. Linn:

This will acknowledge receipt of your memo of 10/10/72. You have requested information regarding the talc or asbestos content of our materials. This information cannot be released at the plant level.

Please be advised that I have sent this request on to our Manager of Research and Development in Oregon. By copy of this memo I request that he reply directly to you regarding the material content, hazardous or toxic classification, and any precautionary procedures that may be required in repackaging the materials.

Very truly yours,

Georgia Pacific Corp.

Jack Rauch
Plant Manager
