Mr. John O'Fallon
Director Building Department
City and County of Denver
Denver, Colo.

Dear Mr. O'Fallon:

We very much appreciate your consideration of our request regarding boiler inspections at our Arapahoe and Zuni Steam Electric Generating Stations and the Denver Steam Heating Plant. We are also grateful for the help and cooperation extended by your Mr. Arthur and Mr. McIntosh in arranging an orderly manner for the conducting of these boiler inspections and the payment of fees stipulated by ordinance.

Outlined below is my understanding of the essential points of agreement as established by your Messrs. Arthur and McIntosh and myself in our recent discussions.

1. Arapahoe Station

- (a) The four high temperature, high pressure boilers at Arapahoe Station will be inspected annually by an inspector of both the boiler insurer (Hartford Boiler Inspection and Insurance Co.) and the City and County of Denver.
- (b) Complete internal and external inspections will be made once every two years.
- (c) On alternate years an external inspection only will be conducted again by inspectors representing both the Hartford Boiler Inspection Agency and the City and County of Denver.
- (d) Fees for each inspection as outlined in Chapter 57, Section 5702 of the City Statutes will be billed to Public Service Co. of Colo. on December 1 of each year and will be payable upon receipt.

2. Zuni Station

- (a) The three high temperature, high pressure boilers at Zuni Station will be inspected annually by an inspector of both the insurer (Hartford Steam Boiler Inspection and Insurance Co.) and the City and County of Denver.
- (b) Complete internal and external inspections will be made once every two years.
- (c) On alternate years an external inspection only will be conducted again by inspectors representing both the Hartford Boiler Inspection Agency and the City and County of Denver.

WAD00236

- (d) Fees for each inspection as outlined in Chapter 57, Section 5702 of the City Statutes will be billed to Public Service Co. of Colorado on December 1 of each year and will be payable upon receipt.

3. Denver Steam Heat Plant

- (a) The three low pressure, low temperature boilers at the Denver Steam Heat Plant will be inspected annually by an inspector of both the insurer (Hartford Steam Boiler Inspection and Insurance Co.) and the City and County of Denver.
- (b) Complete internal and external inspections will be made once every two years.
- (c) On alternate years an external inspection only will be conducted again by inspectors representing both the Hartford Boiler Inspection Agency and the City and County of Denver.
- (d) Fees for each inspection as outlined in Chapter 57, Section 5702 of the City Statutes will be billed to Public Service Co. of Colorado on December 1 of each year and will be payable upon receipt.

We trust the provisions of this agreement as set forth above meet your requirements and approval.

Sincerely yours,

A.H. Huberland
Supt.-Production
