Dear Mr. Wagner,

I am writing on behalf of the Western States Land Commissioners Association. Our organization consists of 21 states whose primary mission is to educate the public and support our members regarding the importance of constitutionally granted trust lands and their role in providing education funding in our respective states. Our association vice-president, Harry Birdwell (OK), was excited to talk with you today about speaking to our members at the upcoming annual summer conference to be held in Anchorage, Alaska July 9-12, 2017. This is a primary networking event for our organization and we welcome your participation as a key speaker to begin dialog regarding land and environmental policy reforms of mutual interest. Please accept the attached invitation and let us know at your earliest convenience if you are able to join us.

Please let me know if you have any questions. Thank you for your consideration.
