A LINER IS KNOWN BY THE FUNNELS IT CARRIES

Quality lead pipe

is known by
the marking it bears

GONE are the days when lead pipe was just lead pipe. Today you can buy lead pipe that is quality marked—stamped with the famous Dutch Boy trade-mark and the name of National Lead Co. This branding is our way of making it easier for you to buy pipe of high, dependable quality, of correct wall thickness, of proper weight per foot.
