

1 lining.

2 So they publish a book listing the size and
3 shape of each brake shoe and each brake lining, each
4 clutch facing for virtually all of the vehicles in the
5 world.

6 Q Am I correct, also, Mr. Anderson, that you
7 have never testified on behalf of a plaintiff
8 suffering from asbestos lung disease?

9 A Not from a plaintiff, no, from a person
10 suffering, no. I have testified for the government on
11 the plaintiff side, but not as an injured party.

12 Q That was my next question.

13 The testimony you referenced about the
14 government, that had nothing to do with whether brakes
15 were safe or not?

16 A That was fiber release in remanufacturing of
17 truck brakes.

18 Q That wasn't involved in OSHA violations of a
19 manufacturing plant?

20 A It was involved in a violation of I think it
21 was -- well, EPA retained me and the Department of
