Mr. J. S. Maynard

June 14, 1950

E. K. Locher

Esso Standard Oil Company
Memphis, Tennessee

This will acknowledge your letter of June 7, together with its attachments, calling our attention to a case of alleged lead poisoning at Esso Standard's plant in Memphis.

I am quite sure that this matter has been brought to Dr. Kehoe's attention through other channels. In any event, I know that he will be appreciative of your thoughtfulness in telling us about it and, as a matter of record, a copy of this letter together with copies of your correspondence are being forwarded to Dr. Kehoe.

Ellis K. Locher

cc: Dr. R. A. Kehoe

P.S. -- Dr. Kehoe:

Although I cannot recall the names of the individuals I feel reasonably certain that this is the case which was called to your attention by Esso's Medical Department, and the one which included a very nice luncheon and "chat" with one of the more distinguished physicians below the Mason and Dixon Line.
