Mr. Tom E. Belcher
Rural Route #2
Mineola, Texas

Dear Mr. Belcher:

As I noted in my letter to you two weeks ago, we had forwarded the results of our findings in your case from our survey of the Pittsburgh Corning plant to the personal physician you listed, Dr. Cathur of Mineola, Texas. The letter addressed to him, however, was recently returned with the stamp "Addressee unknown."

Because there were several significant abnormalities in your examination, we feel it is important for you to consult a doctor about them. As I noted in my first letter, the information has also been sent as you requested to Dr. George Hurst of the East Texas State Chest Hospital, and you can, therefore, consult with him. If there is another physician you wish the information sent to, please fill out the enclosed form and return it to us in the postage free envelope provided. If you have any questions, just write them on the back of the form and I'll be happy to answer any I can.

Sincerely yours,

Richard M. Spiegel, M.D.
Medical Investigations Branch
Division of Field Studies and Clinical
Investigations
