PLAINTIFF'S EXHIBIT 1 CSR-687

DISTRICT HOSPITAL

KALGOORLIE.

JMcN/PR:

Date 9th July, 1958.

Dr. D.D. Letham,
Assistant Tuberculosis Physician,
Perth Chest Clinic,
17 Murray Street,
PERTH.....W.A.

Dear Don,

Already we have found three definite cases of Asbestosis and still quite a few cases unreviewed.

I will travel down by train arriving Perth Friday morning 18th July and seek you at the Clinic say about 10 a.m. (After Breakfast.) We will be able to spend as much time as you wish.

Will you please send up your list of suspect films so that I can be sure to bring them to Perth. Mark the envelope 'Not to be opened' and I won't touch it until our review is complete. I don't anticipate much disagreement anyway.

I will forward our X-rays by ordinary mail in plenty of time and bring our records with me.

Kind regards,

J. McNulty.
CHEST PHYSICIAN.
