Dear Mr. Anenberg:

In response to your inquiry concerning lead content of consumer paints, the following paint lines contain no lead as added ingredients:

Lucite[®] Wall Paint
Lucite[®] Interior Enamel
Lucite[®] House Paint
Lucite[®] Exterior Enamel
Lucite[®] Floor Paint
Lucite[®] Spray Paint

The only consumer paint that contains more than 1% lead is Lucite[®] 51C primer which is sold for use on outside wood substrates only.

If you need further information, please let me know.

Very truly yours,

William W. Miller
Toxicity & Pollution Control Coordinator
